

Organic Dairy Farmer Training Program

This first-of-its kind, 18-month residential program allows trainees to go from experienced-to-expert in all aspects of organic dairy cow operations and management.

Now Accepting Applications - Program Launches Summer 2015

learn

hands-on skills from leading experts in the field of pasture-based organic dairy herd management

live

on a historic saltwater farm on the coast of Maine while completing the 18-month residential training program

launch

your own organic dairy farm with expert support and guidance once the program has been completed

We are now seeking qualified applicants who are committed to pursuing careers in organic dairy. Applicants should have a minimum of two years farm experience, a bachelor's or associates degree in a related field or similar experience and be available to begin the program during the summer of 2015.
